

Speed up your recruiting process with Resmatic 4. Our web-based, fully hosted service automates candidate tracking, resume submission and management, job postings, and EEOC compliance. Resmatic's "keep it simple" system is cost effective and easy to use, saving you time and money.

Key Features

- **Fully Hosted:** Resmatic provides all hardware, software, and IT support
- **Security Controlled:** Secure web access for multiple users and locations
- **Resume Database:** Automatically submit from web, email, or paper to secure online database with keyword search by resume text or tracking notes
- **Easy Tracking:** Track applicants through every stage of the hiring process, sharing and forwarding resumes and recruiter notes
- **Automated Reports:** Quickly access the data you need, including applicant pools and tracking stages, time to hire, cost per hire, EEOC, and more
- **Recruiting Pages:** Automates the job pages on your website and intranet
- **Automated Screening:** Ranks candidates based on screening questions for each requisition
- **Automated Routing:** Route qualified candidates via email per job or location
- **EEOC Compliance:** Voluntary EEO self-identification with separate tracking
- **User Control:** Online administration for easy system management

Key Benefits

- **Save Time:** Powerful search and tracking tools enable rapid recruiting
- **Save Money:** Immediate ROI with cost-effective, fully hosted service
- **Raise Productivity:** Improves effectiveness within your HR department, saving costs to outside search firms
- **Increase Efficiency:** Easy to use, intuitive tools automate recruiting process and free up staff time
- **Train Quickly:** User-friendly design is fast to learn, simple to use, easy to administer
- **Rest Easy:** Our commitment to outstanding service and support keeps customers happy, with a continuous reliability record since 1998

Customer Comments

- "Thank you for a job well done. I appreciate your team's patience and responsiveness, and the gracious manner in which you met AT&T's needs. The managers in my group are very excited to see how well everything works."
– Susan Hastings, *Integrated HR Services Manager, AT&T Corp.*
- "I just wanted to let you know what a pleasure it is to use Resmatic! Everything's been going smoothly and error-free. You have done a great job!"
– Paige Wray, *Director of Staffing, Advanced TelCom Group*
- "Resmatic has been a great system for Cingular's recruiting needs throughout our formation. Your company has been a lifesaver for us."
– John Kurnick, *Executive Director of Staffing, Cingular Wireless*
